Our message addressed the problem of guilt before a holy Lawgiver. But how should we craft our gospel message for the diversity-oriented generation born since the early 1980 s that doesn t bring that same pre-packaged starting point? Countless books on evangelism and apologetics insist we must convert their minds to a theistic worldview before the gospel can convert their souls; that millennials must first believe in God s law, sin, and judgment before they can believe in Jesus for eternal life. This book offers an alternative approach that explains why the New Testament gospel does not demand such a two-step conversion for those without law (1 Corinthians 9:21). It lays out the biblical basis for going directly to the one problem the gospel solves for this lawless generation (hint: it s not guilt!). The author traces the origins of our present legal gospel to its roots in the Protestant Reformation and explores how the Reformers reversed the Bible s sequence of gospel before law in a manner that far overshot the simplicity of the Apostles gospel. He clearly lays out how we have allowed many elements of post-belief discipleship to creep into our gospel that only serve to create resistance in the 21st-century mind.
