The emerging field of spiritually influenced treatments is transforming the practice of medicine. This book, being a "Gateway to Body, Mind, and Spirit" is at the forefront of the integration of holistic practices with established attitudes and therapies. This provocative approach inspires reconsideration, stimulates debate, and sets the state for new healthcare developments in the coming century. This book includes references from many modern-day leaders in the holistic and integrative health field, in addition to historical quotes from well-known spiritual teachers. Various therapeutic concepts are exemplified through case histories that have been recorded by the author and transcribed into print, including spirit guide channelling sessions from co-workers and past life regressions involving psychiatric clients' memories of reincarnation.
