Bottom of the Hill Publishing, United States, 2011. Paperback. Book Condition: New. 224 x 150 mm. Language: English . Brand New Book ***** Print on Demand *****.Out From The Hart is James Allen s sequel to As a Man Thinketh. In Out From The Hart Allen shows us how to gain self-mastery, and ascend, by successive stages, into a higher and nobler life. Confucius said: The perfecting of one s self is the fundamental base of all progress, and of all moral development. A maxim as profound and compensable as it is simple, practical, and uninvolved, for there is no surer way to knowledge, nor better way to help the world than by perfecting one s self. Nor is there any nobler work or higher science than that of self-perfection. He who studies how to become faultless, who strives to be pure-hearted, who aims at the possession of a calm, wise, and seeing mind, engages in the most sublime task that man can undertake, and the results of which are perceptible in a well ordered, blessed and beautiful life. James Allen was a British philosophical writer known for his inspirational books and poetry and as a pioneer of self-help movement. Allen s practical philosophy for successful living has awakened millions to the discovery that they themselves are makers of themselves. Allen insists that it is within the power of each person to form his own character and create his own happiness.
