WORLD RELIGIONS FOR STUDENTS

Createspace Independent Publishing Platform, United States, 2016. Paperback. Book Condition: New. 216 x 140 mm. Language: English . Brand New Book ***** Print on Demand *****.Why Study Religion Studies in religion are concerned with the diversity of religious experience and expression across all civilizations, ancient and modern, and all racial and ethnic backgrounds. The serious study of any religion requires a careful reading of its primary texts, preferably in the original language. This, however, is an ideal that few can approach. Almost without exception, the sacred scriptures of the world are cryptic and difficult for the novice to make much sense of. Moreover, everyone will find one or the other of the religions to be of greater interest, but will not know initially where to begin. What is needed, then, is an accessible overview. General studies aim to meet this need, conveying the basic tenets-or beliefs-of each religion at a high level. Christianity in the twenty-first century cannot avoid confronting the questions posed by the diversity of religions. Since the Christian life cannot be lived in a socio-cultural nor religious vacuum, it is no longer sufficient for believers to know only what their Bible says or how to live Christian lives. They must develop the capacity to critically evaluate alternative religious traditions and worldviews, and to cultivate the skills necessary to participate fully and responsibly as Christians in religiously plural societies. Religion has always been with us. Throughout history, it has expressed the deepest questions human beings can ask, and it has taken a central place in the lives of virtually all civilizations and cultures. As we think all the way back to the dawn of human consciousness, we find religion everywhere we turn. This may be true of the past, but what about the present - and the future?...
