Extensive guideline! Its such a great go through. It is definitely basic but surprises in the 50 % of the pdf. It is extremely difficult to leave it before concluding, once you begin to read the book.

Yet the power is chiefly in the songs themselves, and hence a brief analysis of them will be of interest. Their origin is unique. They are never composed after the manner of ordinary music, but spring into life, ready made, from the white heat of religious fervour during some protracted meeting in church or camp. They come from no musical cultivation whatever, but are the simple, ecstatic utterances of wholly untutored minds. From so unpromising a source we could reasonably expect only such a mass of crudities as could be unendurable to the cultivated ear.
