Brand New Book ***** Print on Demand *****.This activity book is comprised of crossword puzzles, word search games, word scrambles, coloring pages, mazes, and more! The book is filled with hours and hours of fun. It is based on Ella the Doggy book series, which is comprised of short stories for kids about a real Husky named Ella, who lives in Minnesota. You do not need to have the books to do the activities. However, having the books makes the activities in the book even more enjoyable because children are entertained by looking for the answers in the book. Those old enough to read can either do the activities with a younger child or they can complete them on their own - adults included! The activities in the book are fun and entertaining, and also help children learn how to read and write. This activity book can be used as preschool worksheets for the home school, for the early childhood classroom, or simply just for the fun of it. Ella the Doggy Activity book was designed with the intention of allowing the child a bit more involvement in this book series. The author s goal is to involve the entire family in reading the book series as a way to assist children in their school education, teach them about day-to-day life, and allow families to enjoy spending time together.
